DETAILED ACTION

Response to Amendment

1. The amendment filed on 5 December 2007 has been accepted and entered.

Response to Arguments

2. Applicant's arguments, see amendment filed 5 December 2007, with respect to the rejection of claims 1-10 have been fully considered and are persuasive, in view of the presently amended claims. The rejection of these claims has been withdrawn.

Allowable Subject Matter

3. Claims 1-20 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Claims 1, 10, and 17 are allowable for reasons as stated by the applicant in the arguments filed 5 December 2007, with specific regard to an integrated module (including an analog-to-digital converter) being mounted on the same side of a substrate as an array of sensor elements and failure of the previously cited reference to Chappo *et al.* (6,510,195) to show such a structure.

Claims 2-9, 11-16, and 18-20 are allowable for reasons of dependency upon allowable independent claims as addressed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
